AT FIRST SIGHT

Zeelander arrives at Nikki Beach Cannes 2008.

Over the twelve days and twelve nights of the 2008

Cannes Film Festival, Zeelander will premiere at Nikki Beach—the ultimate Cannes destination. During this time, three Zeelander yachts will be available for viewing, and special guests of both the Festival and Nikki Beach will be delivered in style to the most exclusive venues—from glamorous film premieres and screenings, to A-list parties and events.

Zeelander is therefore delighted to partner with Nikki Beach Hotels & Resorts as Official Yacht Sponsor for the private view and launch of this prestigious new brand, during one of the world's most renowned and respected film festivals. Zeelander describes Nikki Beach as "A premier venue in leisure and entertainment, providing a perfect complement to the Zeelander lifestyle. Zeelanders are not only the future of design and innovation, but they also embody the ultimate boating experience with a perfect balance of speed, glamour and technical expertise. The boats are extremely fast and

silent—but it is the style that turns heads wherever they go. They exhibit an elite star power synonymous with the Cannes Film Festival and are definitive of the lifestyle that goes with it."

Originally, Zeelander was conceived as the yacht that everyone aspires to own. Created to fulfill every recreational requirement, Zeelander's years in development have resulted in the only mini-super yacht in its class. The finished products outdo any competitor with their exquisite design, naval architecture, hull specifications, sound engineering and custom interiors. Not surprisingly, it has been difficult to keep Zeelander a secret. With no exposure and only word of mouth, there is already a wait list for the yachting masterpiece. Zeelander will be doubling production in 2009 therefore, due to the incredibly positive response from the public, noting its superlative engineering, refined interiors and recreational qualities.

Witness the arrivals of the Zeelander yachts at exclusive events throughout the Western Mediterranean— from the Monaco Grand Prix and the Venice Film Festival, to Monaco's Boat show—where key super yacht regattas begin in September.
